Visiting the unique city of Paris

Paris has a place on pretty much every traveler's bucket list. It is known as the most romantic city in the world, and is home to some world famous sights that are constantly shown in travel magazines, movies, and other works of art.

Paris is a diverse and sophisticated city. In addition to the Eiffel Tower, Paris has countless other gorgeous landmarks and monuments that add to the beauty of the spacious boulevards and their charming cafés.

Our group will have the opportunity — when not at the tournament — to experience Paris.

Discover Mallorca a pearl in the Mediterranean

Our program gets better when we reach Mallorca. Participants will fall in love with its beaches, its astonishing views, remote mountains, and beautiful hill towns. Thanks to how the tennis program is designed, participants will have the option to discover the island every day and try its creative Mediterranean cuisine.

Tennis Paradise

The program takes place in the new facilities of the Rafa Nadal Academy. This Tennis Paradise has been designed so that players can enjoy an intense tennis training in a relaxed environment. The facilities are located in Manacor and have, amongst other amenities, more than 50 hard and clay courts, a 4 star hotel, gym, spa, and restaurants.

The tennis Program

Rafa Nadal, Toni Nadal and their technical team are the creators of the training methodology used in this program combining the skills that have made Rafa's professional career so successful: mobility, winning spirit, intensity in training and in the game, competitive mentality and concentration.
